

Kiwis Count Survey

Section A: Experiences of public services

A1 This survey is about your opinions of public services in New Zealand. By public services we mean **all services provided by local and central government**.

- A. We are only interested in those public services that you have used for yourself or on behalf of someone else for personal reasons, but not those you have used on behalf of your employer.
- B. Some of the services in the list may also be available from private organisations. We are only interested if you have used or had contact with that service from a public service or government organisation. You may have contacted the service or they may have contacted you.
- C. The survey is not about your opinion of politicians.
